## Bachelor of Health Science (Dermal Therapies) – online degree

### Study from home

This one of world's only degree-level dermal therapies courses. It is designed to provide you with the next step in your beauty therapy education.

The course gives qualified beauty therapists the opportunity to establish and develop knowledge and skills in advanced dermal therapy treatments, and receive additional training such as para-medical dermal care.

This course has access to Commonwealth Government Supported places so you can access HECS to defer payment of the course fees.

### Careers

Graduates of this course find work in:

- Dermal Therapies Clinics
